

American Medical Response Metro NY Operation will be hosting a Department of Homeland Security Stop the Bleed Master Trainer, Train the Trainer and Stop the Bleed Training program at the New Rochelle Operation 35 Bartels Place New Rochelle, NY 10801. The programs will take place on the evening of Tuesday March 13: 1630-2100 and Wednesday March 14; Train the Trainer 0900-1300 and a Stop the Bleed Training class(es) will be held in location(s) to be determined from 1300-1500. If you are registering for the entire program and would like to host a stop the bleed training session on Wednesday afternoon please email [patrick.pickering@amr.net](mailto:patrick.pickering@amr.net)

The lead instructor for this program is Border Health Security Officer and Senior Chief Hospital Corpsman Paul Brooks from the Department of Homeland Security. Paul is the program lead for the Department of Homeland Security Stop the Bleed program.

Tuesday, March 13th		
1630 – 2100	Stop the Bleed Master Trainer Course	New Rochelle Operation
	<i>working dinner provided</i>	
Wednesday, March 14 <sup>th</sup>		
0900 - 1300	STB Train the Trainer Course	New Rochelle Operation
1300 - 1500	Westchester STB Course	TBD
	<i>working lunch provided</i>	

To register for these programs please email AMR Metro NY Operations Manager Patrick Pickering [patrick.pickering@amr.net](mailto:patrick.pickering@amr.net). In your email please include organization, rank, name, cell, email and indicate both or Wednesday only. **You may choose to attend both sessions or the Wednesday only Train the Trainer and Stop the Bleed training program.** We are very excited to have Senior Chief Brooks here to provide this 2 day training program.

# STOP THE BLEED

SAVE A LIFE BY LEARNING THE ABC'S OF BLEEDING

**A**

**ALERT**

CALL 911

**B**

**BLEEDING**

FIND THE BLEEDING INJURY

**C**

**COMPRESS**

APPLY PRESSURE TO STOP THE BLEEDING

- Cover the wound with a clean cloth and apply pressure by pushing directly on it with both hands, OR
- Use a tourniquet, OR
- Pack (stuff) the wound with gauze or a clean cloth, then apply pressure with both hands

**ALERT ■ BLEEDING ■ COMPRESS**
