

Current Concepts in Concussion for Pediatric & Adult Patients

Sponsored by the Medical Society of the State of New York &

Webinar

Thursday, April 12th @ 12:30pm

**EMS Personnel
encouraged to attend!**

Free to everyone!

Faculty: *Deborah Light, MD & John Pugh, MD, PhD*

Educational Objectives:

- ◆ Identify signs and symptoms indicative of concussion as well as red flags that indicate alternate or more severe pathology;
- ◆ Outline an appropriate management plan for a patient presenting with concussion including a return to "normal life" protocol;
- ◆ Describe methods for the primary and secondary prevention of concussion;
- ◆ Identify patients who would benefit from referral to a concussion specialist
