

## **AGENCY PPE SUPPLY LEVEL MAINTENANCE AND NYC REMSCO PPE DISTRIBUTION**

TO: Volunteer EMS Ambulance Agency Leadership in Districts 4 and 18

As the supply chain for PPE and other essential EMS supplies begins to open up, agencies are reminded to ensure that appropriate orders have been placed with their suppliers to maintain their respective organization in a state of readiness for day-to-day operation.

In the next week or two, the weekly NYC REMSCO PPE distributions will begin to be curtailed and eventually will cease to operate.

Agencies should position themselves to sustain their operation independent of the assistance that has been previously provided during this pandemic event.

Those unable to, or have gross backlog advisories from their suppliers should reach out to their respective District Directors for assistance.

District 4 covers: Brooklyn, Manhattan, Staten Island and Central/Southern Queens.  
Send e-mail to: [dist4director@nysvara.org](mailto:dist4director@nysvara.org)

District 18 covers: Bronx and Northern Queens.  
Send e-mail to: [dist18director@nysvara.org](mailto:dist18director@nysvara.org)

We will make every effort to provide assistance to help your agency to keep operating.
